Sophomore forward **Kelsey Reitmeier**, an All-IIAC honorable mention pick in 2008, was the team's leading scorer last season with 15 points on seven goals and an assist. She also netted a game-winning goal and should be a dangerous presence up top throughout the season. Sophomore midfielder **Shannon Cassidy** contributed in multiple roles last season, compiling a goal and two assists. Perhaps the BVU's most versatile player, there are a number of spots where she could have a significant impact in 2009.

Buena Vista head coach **Hunter Balmer** says, "The BVU women's soccer team should be considerably deeper and more talented in 2009 with a strong core of returners and some talented newcomers as well. If we can manage to stay healthy and maintain the strong chemistry that was forged during a tough campaign last year, the team should be able to take significant steps forward this fall. If we play to our potential and continue to work hard for each other, the IIAC tournament is a very realistic goal for this young team."

The Dutch return their top three scorers from last season. Central head coach **Colin Kuchy** says, "I think that the Conference will be more competitive than ever. The gap between the top four will be close and the remainder of the Conference will be fighting for the last spots up until the last weekend of competition. I believe that our season will be more competitive and that we will be a more aggressive program in every game."
