

Academic Advising for Study Abroad

Central College's international programs are structured as a hybrid model of study abroad. Considered the most effective model for facilitating intercultural and discipline-based learning abroad, Central's programs are designed to complement the curriculum of the home campus and offer students the most robust academic experience possible while overseas. To this end, all of our director-led programs offer students the opportunity to enroll in a combination of classes taught by Central College instructors, courses offered through local host universities, and credit-bearing internships and service learning opportunities. Students and advisors should consider the breadth and variety of learning opportunities available when planning for a term overseas.

To make the planning process easy Central has created a series of advising resources which help to clarify and enumerate the full diversity of opportunities offered to students through our programs. Along with this *Advising Guide*, students and advisors are encouraged to review our *Opportunities by Major* resource and the Study Abroad website for more information on the distinct opportunities available at each program location.

What Every Student Needs Before Departing for Granada

If your advisee is studying in Granada, advisors should work with her/him to determine the best option of program studies according to her/his level of Spanish proficiency and what requirements the student needs to complete a minor or major in Spanish, if applicable. Then, faculty advisors and students should identify (at minimum) 3 or 4 potential courses to enroll in if the student is participating in either the Language and Culture Program or the Hispanic Studies Program at the Center of Modern Languages (CLM) of the University of Granada. For the Intensive Spanish Language Program, Internship in Education Program, and the Islamic Studies program, students do not need to choose courses, as they are fixed.

Selecting Courses in Granada

Students studying in Granada will pick a program of study; Intensive Spanish Language Program, Language and Culture Program, Islamic Studies Program, Hispanic Studies Program, or TESOL (Teaching English as a Second or Other Language) Program.

Required Courses

Regardless of which program of study they choose, the following courses are required of all students studying in Granada:

- GENR-211S: Granada Seminar (1 credit)
- GENR-110S, 210S, or 310S: Orientation to Spain (2 credits, Beginning Spanish students enroll in 110S, Intermediate enroll in 210S, and Advanced students in 310S)
- SPAN-325S: Contrastive Spanish/American English Phonetics (1 credit) (Students will have a brief oral test during orientation. This will help determine whether students with a more advanced level of Spanish or native/heritage speakers of Spanish have to take the class.)

Students are limited to the number of CLM credits they can enroll in while in Granada, however the required courses above do not count toward that total number of allowable CLM credits, as they are taught through Central College's program and not through CLM-University of Granada.

Intensive Spanish Language Program

Students in the Intensive Spanish Language Program are required to take 10 (4+4+2) CLM-Granada credits in the Fall semester and 14 (4+4+3+3) CLM credits in the Spring. The difference between the semesters is a result of a longer Spring semester and the number of weeks per monthly class. (Some months are 4 weeks, some 3 weeks, and some 2 weeks.) Thorough study of culture is embedded in the Intensive coursework. Students do not need to choose courses as all coursework is fixed in the Intensive Spanish Language Program. Students simply need to determine their Spanish proficiency for their language coursework. Coursework includes:

- GENR-211S: Granada Seminar (1 credit, required)
- GENR-110S, 210S, or 310S: Orientation to Spain (2 credits, required)
- SPAN-325S: Contrastive Spanish/American English Phonetics (1 credit, required)
- Spanish language coursework appropriate for the student's level (required):
 - SPAN-190S: Beginning Spanish I-A1 (2-4 credits)
 - SPAN-190S: Beginning Spanish II-A2 (2-4 credits)
 - SPAN-290S: Intermediate Spanish I-A2 (2-4 credits)
 - SPAN-290S: Intermediate Spanish II-B1.1 (2-4 credits)
 - SPAN-390S: Advanced Spanish I-B1.2 (2-4 credits)
 - SPAN-390S: Advanced Spanish II-B2.1 (2-4 credits)
 - SPAN-490S: Advanced Spanish-plus I-B2.2 (2-4 credits)

How the Course Registration Process Works in Granada

The student selects programs and courses with the assistance of her/his academic advisor before departing for Granada. The onsite Resident Director will pre-register the student at the CLM once s/he is accepted into the program. After orientation and completion of the placement level test, students will be able to confirm their program of study for the semester. A couple of days before regular classes start, the students will obtain their schedule of classes. Once classes start, the students have a one-week period to change times and courses if they wish, with the Resident Director's help, if the courses are available.

Following this one-week period, students have a meeting to fill out the registration for Central College with the Resident Director, acknowledging that these are the classes that will appear on their Central transcript. The Resident Director will discuss the process with students, help them work on timetabling, and make inquiries with professors and administration as necessary.
