WANT TO KNOW MORE ABOUT CENTRAL RED SOCIETY?

What is Central RED Society?

Central RED Society is Central College's innovative lifelong learning program that enriches members' lives through relevant, broad-based learning experiences. Central RED Society will foster creativity, intellectual curiosity and engagement with Central College and the community!

Courses range from recreational to academic: everything from organic gardening to water aerobics to financial planning to philosophy to... you decide! It's part education... part socializing... and always fun!

Do I have to be a Central alum to join?

No! While we anticipate that many of our members will be alumni, membership is open to anyone.

How does it work?

Members pay a \$25 per person annual membership fee to be a part of Central RED. Eight to 10 courses/workshops/events will be held each semester. Some of those will be free, others have an associated fee. All of the classes and workshops will be available only to members of the Central RED Society, with memberships running from June 1 to May 31 of each year.

MISSION STATEMENT:

The Central RED (Ready to Engage and Discover) Society is a volunteer driven, lifelong learning and social organization with an abiding partnership with Central College alumni and friends who wish to share knowledge, talents and experience. RED offers non-credit educational opportunities to enrich the lifelong intellectual, cultural, social and spiritual lives of its members.

Thursday, Nov. 1, noon

Dave and Ardie Sutphen Common Room, Graham Annex

It's been said, “Change has never come at us this fast, and it will never be this slow again.” Change aficionado, Sinikka Waugh, will take us on a journey through some of the most common responses to change, to explore how we can help ourselves and those around us thrive through moments of transition. Life changes, career changes, changes to our day-to-day tools and activities, even seasonal changes, all produce in us as humans a predictable path. Understanding that path is key to helping each of us move at the speed of change.

Sinikka Waugh is a recognized leader in understanding people and in adapting tools, techniques and processes to meet the demands of the situation at hand. As a project manager, business analyst, facilitator and coach, Sinikka is known for consistently helping teams find innovative ways to solve problems and get things done, and her results-driven professionalism blends seamlessly with her down-to-earth “try this now” approach. She holds a B.A. from Central College, an M.A. from the University of Iowa and is a certified Project Management Professional through the Project Management Institute.
